NEW DELHI

The income tax department on Thursday conducted raids at the premises of Dainik Bhaskar Group across the country in a suspected tax evasion case, prompting the company and opposition politicians to allege that it was motivated by critical coverage of the government's management of the covid-19 pandemic.

Searches were conducted in Bhopal, Indore, Jaipur, Ahmedabad, and several places in Maharashtra.

IT teams also raided a regional news channel, Bharat Samachar, based in Lucknow, and premises of its state head Virender Singh and editor-in-chief Brijesh Mishra.

Opposition parties alleged that the raids were an attack on journalism and were being done to scare the journalists. Raids on Dainik Bhaskar were carried out after reporting on covid-19 mismanagement by the government led by Prime Minister Narendra Modi during the second wave in April and May, they said.

"Through its reporting, Dainik Bhaskar has exposed the Modi regime's monolithic mismanagement of the covid-19 pandemic. It is now paying the price. An Underlaid Emergency as (former Union minister) Arun Shourie has said – this is a Modi-led Janata Rashtra," Congress leader Jairam Ramesh tweeted.

There was no official statement from the Dainik Bhaskar group, but it reacted to the raid by saying that the government is scared of true journalism.

The government expects to receive financial bids for Air India Ltd by 15 September, junior civil aviation minister V.K. Singh said on Thursday.

The last date for the submission of EoI (expression of interest) was 11.12.2020. Multiple EoIs were received by the transaction adviser (TEA), Singh said in a written response to queries in Parliament.

He said the request for proposal along with draft share purchase agreement has been shared with qualified interested bidders by the transaction adviser on 30 March. "The financial bids are likely to be received by 15.09.2021," he said. Singh did not disclose the shortlisted potential bidders.

The national carrier's divestment process is likely to take a few months due to the pandemic and also due to long drawn processes such as physical inspection by the potential bidders. Tulu Katta Pandey, secretary of the department of investment and public asset management (Dipam), the public agency involved in the divestment process, said at the Mint India Investment Summit 2021 in April.

The government aims to conclude 100% divestment of Air India before the end of this fiscal year, which ends in March.

So far, the Tata group is the front-runners to acquire Air India.

According to media reports, SpiceJet chairman and managing director Ajay Singh has also been shortlisted to bid for Air India in his individual capacity. Mihir could not independently verify this.

Meanwhile, Singh said the moveable assets of Air India will be transferred to the airline's new owners after privatization.

"Intrinsic assets are being monetized

The government aims to conclude 100% divestment of Air India before the end of this financial year through March.

By Air India to offset the debt of Air India Ltd.

While the government remains committed to Air India's privatization, the carrier's liabilities are expected to cross \$20 billion

perspective is a potential liability of around \$20 billion before the business turns around. The government must therefore keep this massive financial burden in mind and consideration should be given to making changes to the terms and conditions," it said.

Air India, which has never made a net profit since its merger with Indian Airlines in 2007, will incur a net loss of ₹3,500-40,000 crore in the year ended March 2021, up from ₹15,000-18,000 crore loss

incurred in the previous year, as a result of the airline had earlier told Mint.

The airline reported losses of ₹7,952.83 crore (provisional figure) in 2019-20, ₹8,553.35 crore in 2018-19, and ₹5,18.18 crore by 30.06.18.
